

I am a listener and support of K-LOVE. This radio station contributes to my spiritual growth, and to those fellow believers. This is a station that I listened to EVERY DAY and do not want it to be switched to the LPFM service. K-LOVE is saving lives in my community. K-LOVE should NOT be replaced by any other station, regardless of format. We Christians have so little left in this country, most television and radio is unsafe for families. I want to know 100% that a station is safe for my children to listen to, I get this with K-LOVE. Our country was founded on Christian values and no one has the right to take away an opportunity for spiritual growth.
